

# PRECISION LOAD CELLS

**REDEX**  
SENSORS

- Highly modular
- Highly accurate
- Cost saving by design

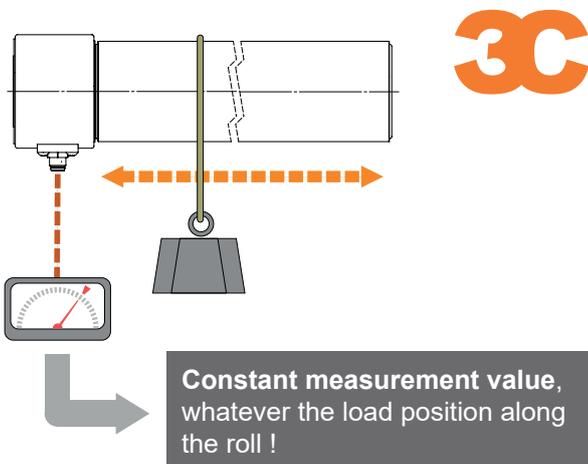

**WAT+** Series

## ADVANCED TECHNOLOGY IN ACTION

**WAT+** concept enables a comprehensive range of force transducers and accessories, especially designed for dynamic tension measurement of fibers, wires, and web.

**WAT+** concept perfectly suits any technically very demanding applications in various high-tech industries such as, composites, wire and cable, textiles, as well as to the up-to-date packaging, labelling & finishing equipment.

## CANTILEVER COMPENSATION CONCEPT

## WAT+ FITS THEM ALL

## TRANSDUCERS & ACCESSORIES

Transducers		Ref
<b>WAT+5</b>	Full scale 50N	ME134810-00
<b>WAT+25</b>	Full scale 250N	ME134802-00
<b>WAT+50</b>	Full scale 500N	ME134890-00

Accessories		Ref
<b>ACC-F</b>	Pulley mounting shaft	ME134803-00
<b>ACC-S</b>	Dead shaft mounting	ME134811-00
<b>ACC-N100</b>	Roller Ø 50 - L 100mm	ME134813-00
<b>ACC-N200</b>	Roller Ø 50 - L 200mm	ME134808-00
<b>ACC-N300</b>	Roller Ø 50 - L 300mm	ME134814-00
<b>FLANGE</b>	Rear side mounting flange	ME134812-00

*Special requests: WAT+ keeps compatible with your own design !*
